PRECISION PRINTING TECHNOLOGY

Precision printing is inspired by photography and materials from the environment. Our technology reproduces every detail, even the fine lines that are too small for the naked eye. The rich tones and exquisite beauty created by advanced technology are what set AdaWall's design apart from the rest. To capture the detail in our original drawings and re-create them as wallpaper, our designs are printed using the gravure technique, which is a world-class printing method for achieving maximum detail and tone.

100% PURE WATER BASED INKS

High quality and precise printing begins with the finest ingredients. Water-based inks from Netherlands and Korea realize superb colour reproduction plus environment-friendly manufacture. What completes 100% pure water-based inks is the GSE colour dispenser, which provides optimized dispensing solutions.

CYLINDERS DESIGNED TO DELIVER PINPOINT ACCURACY

Precision printing can only be utilized with precisely engraved print cylinders that replicate even the minutest details. Embossing sheets of nonwoven and paperback using a steel embossing roller and paper ball work in conjunction with each other.

STRICT QUALITY CONTROL SYSTEM

AdaWall's extensive expertise in quality management enables the production of the World's Finest Products. The process of quality is supported by a specialized line inspector. Specialized line inspectors are checking at key sections to support the process of quality management, which is capped by a rigorous final inspection. TR Geometrik şekillerin de aynı insanlar gibi birtakım karakteristik özellikleri vardır. Bu sayede tanımlanır ve sonsuz düzlemin bir parçası haline gelirler. “Sekizgen”, “sekiz açısı ve kenarı olan şekil” anlamına gelen “Octagon” da geometrinin beşgen, altıgen, yedigen gibi popüler çokgenlerinden biridir.

Sonsuz düzlemdeki şekillerden ilhamla, tasarım sürecinde bağımsız estetik anlayışını benimsediğimiz yepyeni bir koleksiyon seçkisi hazırladık. Modernliğin ve şıklığın aynı ölçüde ve ustalıklı harmanlandığı, geometrik şekillerin ve modern mimari esintilerin çağdaş tasarımla buluştuğu, birbirinden iddialı ve göz alıcı desenlerin hakim olduğu Octagon koleksiyonu sizlerle. Benzersiz ürün içeriği ile size özel eşsiz ve vizyonel bir yaşam alanı deneyimi vad ediyor.

Hayal gücünüz kadar güçlü çizgilere, bir duvar kağıdı koleksiyonunda bulabileceğinizi hayal dahi edemeyeceğiniz ikonik bir tasarım yeniliğine sahip. Yeni koleksiyonumuz Octagon ile sizleri bir kez daha şaşırtmaya hazırız.

EN Geometric shapes also have some characteristic features just like people. They are defined and being a part of infinite plane through these features. “Octagon” means shape has eight borders is one of the popular polygons in geometry such as pentagon, hexagon and heptagon.

Being inspired by geometric shapes in the infinite plane, we embraced an independent aesthetic concept and prepared a very new collection book for you. Octagon is a wallpaper collection that modernity and elegance are blended in the same measurements with great skill, where geometric shapes and modern architectural breeze meet contemporary design and glorious and eye catching designs have a dominant role. Thanks to its very different content, it promises a visional and unique experience that is special for you.

It has strong lines, strong as your imagination and has iconic design innovations that you can never imagine that you may find in a wallpaper collection book. Moreover, it seems magical through the magnificent classy textures of colours such as silver, gold and mink. Our collection portfolio expanded but the magic is never changed. We are very ready to surprise you one more time.

RU Геометрические формы также имеют некоторые характерные черты, как и люди. Они определены и являются частью бесконечного плана через эти особенности. «OCTAGON» означает, что форма имеет восемь границ. Это один из популярных многоугольников в геометрии, такой как пятиугольник, шестиугольник и семиугольник.

Вдохновленные геометрическими формами в бесконечной плоскости, мы приняли независимую эстетическую концепцию и подготовили для вас совершенно новую коллекцию. OCTAGON - это коллекция обоев, в которой современность и элегантность сочетаются в одних и тех же размерах с большим мастерством, где геометрические формы и современный архитектурный ветер сочетаются с современным дизайном, а великолепный и привлекательный дизайн играет доминирующую роль. Благодаря совершенно разному содержанию, он обещает уникальные визуальные впечатления, которые будут особенными для вас.

У него сильные линии, сильные, как ваше воображение, и знаковые дизайнерские инновации, которые вы даже не можете себе представить, которые вы можете найти в книге о коллекциях обоев. Более того, он кажется волшебным благодаря великолепной классической фактуре таких цветов, как серебро, золото и норка. Наш портфолио коллекций расширился, но волшебство не изменилось. Мы очень готовы вас удивить еще раз.

Looney Tunes, bir çocuğun hayatına yüksek enerjili mizah ve eğlence getiriyor. EN Little children dream. They dream of being bigger. They dream of being a hero. Whether it's the DC Super Heroes or the well-loved animation characters, these legendary characters capture and stimulate the imaginations in a way that fits into a child's world. These instantly recognizable and aspirational characters allow kids to role play, not just as any super heroes but as the ultimate super heroes: Batman and Superman, Tom and Jerry reinforce the themes of friendship yet reflect a sibling rivalry the best of friends but also the best enemies! The Looney Toones bring high-energy humour and fun to a child's life. Children know these characters through television, shopping with their parents and mostly in the toy and clothing sector. ADAKIDS brings these characters to life for children in their own bedrooms in the form of our wallpapers.

RU Маленькие дети мечтают. Они мечтают стать взрослыми. Они мечтают стать героями. Будь-то супергерои DC или любимые анимационные персонажи, эти легендарные персонажи захватывают и стимулируют воображение таким образом, что вписываются в мир ребенка. Эти, мгновенно узнаваемые, и вдохновляющие персонажи, позволяют детям играть в ролевые игры не просто как супергерои, а как настоящие герои. Супергерои: Бэтмен и Супермен, Том и Джерри усиливают темы дружбы, но отражают соперничество между братьями и сестрами - лучшие друзья, но и лучшие соперники! The Looney Tunes приносят высокую энергию юмора и веселье в жизнь ребенка. Дети знают этих персонажей из телевизора, шопинга с родителями и, в основном, из сферы игрушек и одежды. 1.06M X 10M OR 1.06M X 15.6M

TR Hepimiz sayılara ve kullanım yönlerine oldukça aşinayız, fakat sürekli dilimizde olmalarına rağmen derinliklerini sorgulama ihtiyacı duymuyoruz. Denizlerin figüratif sayısı yedidir, Büyükayı yedi yıldızlıdır, yer ve gök yedi kattan oluşur, insan yedi çakralıdır... Birbirinden farklı din ve kültürlerde ise: İslam dinine göre kâinat yedi safhada yaratıldı. Katoliklerde yedi sakrament esastır, Yahudilerde kutsal şamdan yedi mumludur, mitolojide yedi esas Tanrı vardır, Mısır'da Güneş Tanrısı Ra yedi ruhludur, Tibet'te yedi Buda vardır, Çin'de kutsal yedi element vardır... Son olarak, yedi sayısını insan tarafından düzenleyici ve belirleyici bir rakam olarak da sık sık görmekteyiz. Örneğin; bir hafta yedi gündür, feng shuide iletişim sayısı yedidir, Kızılderililere göre yedi mevsim vardır ve tüm Japonlarda rakamların en uğurlusu yedidir... AdaWall'da yedi sayısından yola çıkarak yedinci kataloğuna verdiği "Seven" ismiyle, duvar kağıtlarının, desenlerinin birçok anlam taşımasının farkındalığını yaratmayı amaçladı. Tıpkı yedinin sadece bir rakamdan ibaret olmadığı gibi...

EN We are all very familiar with the numbers and their areas of usage, but we do not need to question their profundity, even though they are always in our language. The figurative number of the seas is seven, the great bear has seven stars, the earth and the sky have seven layers, the human has seven chakras... In different religions and cultures, for instance, according to the Islamic religion, the universe was created in seven stages. The Catholics recognize seven sacraments, Jews' sacred candelabrum has seven candles, there are seven essential gods in mythology, the Egyptian sun god Ra has seven souls, there are seven Buddhas in Tibet, there are seven sacred elements in China... Finally, we often see the number seven as a regulatory and decisive figure by human. For instance; there are seven days in a week, Feng Shui's contact number is seven, there are seven seasons for the Indians, and the luckiest number for Japans is seven... AdaWall also aimed to create awareness of the many meanings of the wallpapers, patterns, with the name of Seven for its seventh catalogue. Just as Seven is not just a number...

RU Мы все хорошо знакомы с цифрами, числами и правилами счёта, а также с их использованием. Но мы никогда не задумываемся над их значениями, хотя они каждый день у нас на языке. У Большой Медведицы семь звезд, у земли и неба семь уровней. В разных культурах и религиях, например согласно исламской, Вселенная была создана в семь этапов. У католиков есть семь таинственных монастырей. У иудеев - семь священных подсвечников, в мифологии есть семь главных богов. В Египте у Бога Солнца Ра - есть семь душ. В Тибете - есть семь Будд. В Китае есть семь священных элементов. Наконец, мы часто рассматриваем число 7 как нормативную и решающую фигуру. Например, семь дней в неделе. Есть семь сезонов в соответствии с индейцами. И самый удачный номер для Японии - семь. AdaWall использовал в названии седьмого каталога цифру семь, чтобы создать осведомленность о множественном значении дизайна, чтобы подчеркнуть, что семь не просто число.

TR “Less is more”... Ludwig Mies van der Rohe isimli mimarın modernizm ile beraber popülerlik kazanan ve evrensel şekilde benimsenmeye hızla devam eden bu tabiri, “Beta” koleksiyonunun oluşum sürecinde bizi besleyen anahtar bir motto oldu. “Az olan daha fazladır.”, “Az ve öz.” gibi manalar ifade eden bu söylem, abartılı detaylardan arındırılmış sade ve akıcı bir tasarımın; gösterişli bir tasarımdan çok daha güçlü olabileceği iddiasını ortaya koymaktadır. İlk duyduğunuzda kulağa fazla cesur gelen bu yaklaşımı, yeni koleksiyonumuz “Beta”yı inceledikten sonra tekrar değerlendirmenizi öneririz! Minimalist tasarımda çığır açacak olan yeni koleksiyonumuz, modern sanatın çarpıcı sadeliğini ve sofistike zarafetin göz alıcı derinliğini kanıtlar niteliktedir. “Alfa” koleksiyonunun devamı özelliğinde olan ve ikinci cilt olarak tasarılan “Beta”, AdaWall’un zirvedeki yerini sağlamlaştırarak çok özel bir tasarım serisini sizlere sunmaktadır. Geometrik şekillerin inceliklerle harmanlandığı konformist modelleri, soyut geçişler ile kompozisyon edilmiş ilham verici ikonik desenleri içeriğinde bulunduran “Beta” sizler için unutulması imkansız bir dizi deneyim olacak...

EN “Less is more”... That interpretation belongs to Ludwig Mies van der Rohe which is getting popularity and continuing to be embraced worldwide rapidly, was also a key motto for us because it impressed our designers in the process of creating “Beta” collection. His words mean some expressions such as “When it becomes less it seems like more.” or “concisely” that asserts when a modest and smooth design is purified from exaggerated details, it becomes stronger than a flashy design. When this approach is heard for the first time, it may sound very assertive, but we suggest you to evaluate it again after you see our new collection “Beta”! “Beta” collection which will break a new ground on the minimalist design is somehow a proof for striking simplicity of modern art and glamorous deepness of sophisticated elegance. “Beta” is designed as the second vol of Alfa collection series that consolidates AdaWalls’ position at the peak by offering you a very special design series.

The collection consists of conformist models that geometric shapes are blended gracefully and iconic patterns are composed with abstract transition figures will become a unforgettable experience sequence for our customers.

RU “Меньше значит больше”... Эта трактовка, принадлежащая Людвигу Мис ван дер Роэ и, которая продолжает набирать популярность и быстро охватывать весь мир, стала ключевым девизом для нас, потому что произвела впечатление на наших дизайнеров в процессе создания коллекции “BETA”. Эти слова означают некоторые выражения, такие как “когда становится меньше, кажется, что больше” или “лаконично”. Они утверждают, что скромный и гладкий дизайн, очищенный от преувеличенных деталей, сильнее, чем кричащий и вызывающий дизайн.

Когда это выражение слышится впервые, оно может звучать очень агрессивно, но мы предлагаем вам оценить его еще раз после того, как вы увидите нашу новую коллекцию “BETA”!

“BETA” коллекция создает новую почву для минималистского дизайна и, в некотором роде, является доказательством поразительной простоты современного искусства и гламурной глубины утонченной элегантности.

Коллекция “BETA”, разработанная как второй том серии коллекции “Alfa”, укрепляет позиции AdaWalls на пике популярности, предлагая вам совершенно особенную дизайнерскую серию. Коллекция, состоящая из конформистских моделей, которые изящно сочетают геометрические фигуры и знаковые абстрактные, переходные фигуры, станет незабываемой последовательностью впечатлений для наших клиентов.

TR Kısacık bir kelime ne kadar derin olabilirse o kadar derin; “Rumi”... Tam adıyla Mevlana Celaleddin Rumi... O sonsuzluğun ta kendisi. “Rumi”, ömrünü sevgiyi ve hoşgörüyü yaymak için geçirmiş evrensel bir elçidir. Söyledikleri sadece Müslümanlar ya da Allah’a inananlar için değildir; O, herkese aynı şekilde kucak açmıştır. O yüzden herkes tarafından sevilmiştir. Hep “aşk” demiştir, fakat kastettiği aşk, insana duyulan değil, ilahi olan aşktır. O nedenledir ki, yaşadığı sürece dilinden aşk ve özlem hiç düşmemiştir. “Rumi” isimli katalogda, tasavvuf ve mesnevi esintileriyle özgünleştirilmiş desenlere, hoşgörü ve sevgi yumuşaklığında ruh okşayan renklere ve Anadolu’dan izler taşıyan dokulara rastlayacak, sizde uyandırdığı hissi çok seveceksiniz. TR “Kalinka” Rusya’nın ve Rus sanatının sembollerinden biri olarak kabul gören, Rusya’nın tüm dünyaca bilinen en popüler şarkılarından biridir. Rusça bilmeyenler genelde bu ismi bir kadın adıyla bağdaştırmaktadır. Oysa sanılanın aksine; “Kalinka” Rusya’da büyüyen küçük bir ağaç anlamına gelmektedir. Sözlerinden, bir kadına “benim ağacım, benim uğurböceğim, böğürtlenim” gibi naif yaklaşımlarda bulunularak onun tarafından sevilmenin arzulandığını anlayabiliyoruz. “Kalinka”, Rus kültür ve zevki, goblen tarzı ve dokusu bütünüyle karşımıza çıkmaktadır. İğne iplikle kumaşa işlenmiş resimler kadar göz alıcı ve halı kilim dokumalarındaki özen kadar etkileyici bir havaya sahip... Bu kataloğumuzda da farklılık yaratmayı amaçlayıp hareketli, bir o kadar da derin izler taşıyan desenler seçtik sizin için... Kataloğumuzda 4 tema vardır; Çiçek, Dantel, Goblen, Sovyet Retro.

EN Every beautiful formation has a different nativity story. This catalogue is from those who have that story... “Kalinka” is considered one of the symbols of Russian art. For this reason, when some hear about “Kalinka” they remind the rhythm of the song that starts slowly and gradually becomes faster and cheerful dance figures. The song “Kalinka” inspired catalogue, the style and texture of tapestry with traces of Russian culture and taste it is antagonistic. The needlework is so eye-catching and carpet rugs you will be very pleased with the papers in this catalogue, which have as impressive air as the care of your fabrics. RU Калинка. У всего на Земле есть своя история рождения. Как и у этого каталога... Калинка, будучи известной на весь мир песней, является одним из символов русского искусства. Первое, что приходит на ум, когда люди слышат это название, - это медленное начало и затем все ускоряющийся темп песни и танца. Наш каталог, вдохновленный песней “Калинка”, представляет вам все разнообразие рисунков и фактур, как, например, goblen, несущих в себе следы русской культуры и истории. Приковывающие внимание, как картины, расшитые шелковыми нитями, и невероятные на ощупь, как ковры, сотканые вручную, так наши обои поразят вас в самое сердце. В каталоге представлены 4 темы: Flower, Ruche, Gobelin, Soviet Retro.

1.06M X 10M

TR İndigo; mavi ve siyahın arasında bir yerlerde bulunan bir renk tonunu ifade eder. Bu yüzden İndigo'nun kendisine has bir renk derinliği vardır, bu onu mistik ve mucizevi kılar. O, denizlerin derinliklerinden bulunan ışığa, yıldızların ışıl ışıl parladığı gökyüzüne ve sık ağaçlarla kaplı bir ormana benzer. Biz de bu kataloğumuzu, modern desenlerle birlikte geometrik şekillere, ilgi çekici poster modellerine, aynı zamanda doğadan aldığı tropik, mermer ve benzeri tazeleyici etki yaratan doğa temalı dokulara sahip olarak tasarladık. Kataloğumuzda 4 tema vardır. Tropikal, Mermer, Yazı, Şal.

EN Indigo is not an ordinary colour. It resembles a light from the depths of the sea, a sky where stars shine bright, and a forest covered with dense trees. Therefore, indigo has its own unique colour depth, which makes it mystical and miraculous. AdaWall signed catalogue has geometric shapes with modern designs, interesting poster models, and also nature-related textures that create tropical marble and so on. This catalogue has 4 themes: Tropical, Marble, Typo, Wrap.

RU Индиго - это необычный цвет. Он похож на свет из глубин моря, небо, где ярко светят звезды, и лес, покрытый густыми деревьями. Индиго имеет свою уникальную глубину цвета, что делает его мистическим и чудесным. Данный каталог компании AdaWall содержит разные по теме дизайны: начиная с современных с геометрическими формами, передающие природные мотивы, такие как мрамор, а также разнообразные модели постеров. ALFA

PAPER BACK
1.06M X 15.6M

TR Alfa insan biliminde; erkeklerin ekip olarak sorunsuz çalışabilmesi için aralarında belirledikleri ve kabul ettikleri lider pozisyonundaki kişi Alfa kelimesiyle adlandırılıyor. Lider... Erkek, sakin, kararlı, kendine güvenen, belki düz, belki biraz derin... Yalnız, asla şaşalı, karışık ya da dağınık değil; çünkü liderler, kendini göstermek ya da kanıtlamak için uçlarda davranmazlar, onların kendilerine özgü bir havaları vardır. Biz de bu katalogta bir lider benimsedik kendimize. Katalogumuzdaki desenler için iddiamızı sadelikte ve derinlikte sakladık. Katalogumuzda 7 tema vardır; Balıksırtı, Yaratıcılık, Beton, Sade, Modern, Tahta, Hasır.

EN Alfa, according to the human history, is a man, who set out to be able to work as a team without any problems and the person in the leading position they accepted was again called Alfa. Leader... Male, calm, determined, confident, maybe flat, perhaps a little deep... However, never hesitant, not mixed or scattered; because leaders are at the tip to show or prove themselves they do not behave, they have their own air. Also, their self-confidence is quiet, simple. It is significant. Sometimes, for them to be assertive, the word is hidden in the depth of the simplicity. Here we are when we designed our catalogue, we brought such a leader before our eyes. This catalogue has 7 themes: Herringbone, Creativity, Concrete, Plain, Modern, Wood, Wicker.

RU Альфа - если взглянуть на историю человечества - это человек, который избирался и утверждался на позицию лидера в группе мужчин для их беспроblemной работы в команде. Лидер - мужчина, спокойный, решительный, уверенный в себе, возможно слишком прямолинейный, глубокий. Однако, никогда он не будет нерешительным, неуверенным или неупорядоченным, потому что лидеры не бросаются в крайности, чтобы показать себя или что-либо доказать; они сами устанавливают правила. Помимо этого их.... уверенность в себе тиха, спокойна, но несет глубокий смысл. И даже иногда вся суть их уверенности спрятана в простоте, кажущейся такой на первый взгляд. Наша команда, создавая этот каталог, представляла себе именно такого лидера. В этом каталоге 7 тем: Herringbone, Creativity, Concrete, Plain, Modern, Wood, Wicker.

ANKA

PAPER BACK

1.06M X 15.6M

TR Efsanelere konu olmuş, üzerine olağanüstü betimlemeler yapılmış, kuşların hükümdarı, hastalıkların devası ve bilgi dehası ANKA... Alev alev kanatlarıyla havada süzülen görkemli bir ateş sanki! Anka'ya ulaşmak isteyen kuşların, Kaf Dağındaki zorlu engelleri aşmaları gerekiyormuş... Yolculuğun sonunda sadece otuz kuş (Si: Otuz, Murg: Kuş) Kaf Dağına ulaşabilmiş. Kuşlar Anka'yı Kaf Dağında bulamayınca bu yolculuğun kuşların hükümdarı Anka'ya değil de, kendilerine yaptıkları bir iç yolculuk olduğunu fark etmişler. Kendi aleviyle kendisini yakıp yeniden doğabilen Anka gibi AdaWall da ana firmamızdan Ateş'in Öz'ünden doğdu. Böylece ilk kataloğumuz Anka'nın hikayesini AdaWall'un amacıyla özdeşleştirdik. Kataloğumuzda 4 tema vardır: Tahta, Taş, Yaratıcı, Geometrik.

EN Anka is a bird which takes place in legends and extraordinary portrayal. It is different from others in the same kind; Anka is the sovereign of the other birds. It is able to burn itself with its flame and reborn itself on its own again. Is it possible not to wonder about such a bird, while there are many things about it to be mentioned? Under this circumstance, all bird species start to wonder about it and decide to reach Anka. On this journey, the birds which are weak and tired can't continue. Consequently, only thirty birds (si: thirty murg: bird) remain and perform the success of reaching Anka. On the other hand, the ones that arrive can't find Anka and understand it was an inner journey which they made to find themselves. There are reasons why we found "Anka" very meaningful as a first catalogue name. We identify Anka with our newly established wallpaper facility, the purpose of this facility and our company story. To begin with, AdaWall is born out of -metaphorically from its ashes- its main company Öz Ateş which can be translated as the core of fire in English. Just the same way as Anka's rebirth. Anka Collection includes 4 themes: Wood, Stone, Creative, Geometric.

RU Анка. Наша компания родилась из огня нашей материнской компании (Oz Ates - огонь), как птица Анка, которая рождается из огня. Как птицы, которые хотят добраться до Анки, так и фабрика AdaWall, начиная свой путь с импорта обоев, и, получив достаточные знания и опыт, приступила к их производству. Для первого каталога фабрики AdaWall, который оставил заметный след в секторе производства обоев, мы выбрали имя Анка, вдохновившись историей возникновения нашей фабрики. В этом каталоге представлены 4 темы: Wood, Stone, Creative, Geometric.

AKUSTİK DUVAR KAĞIDI ACOUSTIC WALLPAPER АКУСТИЧЕСКИЕ ОБОИ

TR Gürültü, zaman zaman farkında olduğumuzda bizi rahatsız edip kaçıran, zaman zaman ise farkında olmadığımız fakat bizi içten içe yoran bir çevre unsurudur. Buna nazaran tasarımcılar ve iç mimarlar daha çok göze hitap eden çalışmalar yapıyorlar ve bu durumu atlıyorlar. Fakat artık kulağa hitap eden çalışmalar yapmanın vakti geldi. AdaWall, bu iş için kolları sıvadı ve Dünyada bir ilk olan AdaWall Akustik Duvar Kâğıdı serisini oluşturdu.

EN Noise is an environmental element that sometimes make us escape when we are aware of it, and sometimes we are unaware of it, but annoys us deeply. Besides these designers and interior architects try to make works which mostly appeal to the eye, they do not consider this. But it is time to make works which appeal to ear any more. AdaWall gets ready to do this and has produced to the first AdaWall Acoustic Wallpaper series in the World.

RU Шум- это элемент окружающей среды, который когда мы его осознаем раздражает нас и которого мы избегаем, а когда не осознаем его, является причиной навалившейся на нас усталости. Несмотря на это, дизайнеры и архитекторы по внутренней отделке проводят работы, которые в большей степени воспринимаются визуально и упускают из виду эту ситуацию. Но теперь настало время обратить внимание на работы, которые влияют на наш слух. AdaWall закатили рукава для выполнения этой задачи и создали серию акустических обоев AdaWall.

İster DC Süper Kahramanlar, isterse sevilen animasyon karakterleri olsun, bu efsanevi karakterler hayal gücünü bir çocuğun dünyasına uyacak şekilde yakalar ve teşvik eder. Bu anında tanınabilir ve istek uyandıran karakterler, çocukların sadece süper kahramanlar gibi değil, aynı zamanda süper kahramanlar gibi rol oynamalarına da izin verir: Batman ve Süpermen, Tom ve Jerry, dostluk temalarını pekiştirir, aynı zamanda kardeş bir rekabeti yansıtır -arkadaşların en iyisidir, aynı zamanda en iyi düşman! Looney Tunes, bir çocuğun hayatına yüksek enerjili mizah ve eğlence getiriyor. Çocuklar bu karakterleri televizyon aracılığıyla, ebeveynleriyle alışveriş yaparak ve çoğunlukla oyuncak ve giyim sektöründe tanır. ADAKIDS, duvar kağıtlarımız biçiminde, bu karakterleri çocuklar için kendi yatak odalarında hayata geçiriyor.*

Whether it's the DC Super Heroes or the well-loved animation characters, these legendary characters capture and stimulate the imaginations in a way that fits into a child's world. These instantly recognizable and aspirational characters allow kids to role play, not just as any superheroes but as the ultimate superheroes: Batman and Superman, Tom and Jerry reinforce the themes of friendship but reflect a sibling rivalry -the best of friends but also the best enemies! The Looney Tunes bring high-energy humour and fun to a child's life. Children know these characters through television, shopping with their parents and mostly in the toy and clothing sector. ADAKIDS brings these characters to life for children in their bedrooms in the form of our wallpapers.*

Эти, мгновенно узнаваемые, и вдохновляющие персонажи, позволяют детям играть в ролевые игры не просто как супергерои, а как настоящие герои. Супергерои: Бэтмен и Супермен, Том и Джерри усиливают темы дружбы, но отражают соперничество между братьями и сестрами - лучшие друзья, но и лучшие соперники! The Looney Tunes приносят высокую энергию юмора и веселье в жизнь ребенка. Дети знают этих персонажей из телевизора, шопинга с родителями и, в основном, из сферы игрушек и одежды. HOW TO APPLY:

1. Select panel number 1.

2. Lay panel face down on a flat surface. Apply the wallpaper paste evenly to the back of the panel, allow the paste to soak for 5 - 10 minutes, do not lay the pasted sheets on the top of each other. It is very important to take extra care to make sure the paste is applied to the edges. Try not to get paste on the printed side, apply the panel on to the wall using a soft cloth. Work from top to bottom and from left to right taking extra care not to overwork each panel. If one of the panels gets too wet or overworked by repositioning, it will stretch and make lining up the pattern more difficult.

3. Carefully remove excess paste from the front of the poster using a soft cloth. Too much rubbing or cleaning will remove the ink from the paper.

4. Repeat steps for remaining panels, following the printed guidelines on each panel. Overlap all joining edges by approximately 5 - 8mm. It is common for each panel of a wet poster to be around 106cm, larger than a dry panel of the poster as each panel expands once paste is applied.

5. Trim the excess edges (5 - 8mm) carefully when you stick 2nd panel and remain panels.

EN A NEW GENERATION OF NON-WOVEN WALL MURALS

Decorate your wall with the latest trends in fashion, art, design and architecture. Moneta non-woven murals are very easy to affix:

- Standard panel size: Width 105cm X Height 280cm
- The thickness of the sheets (0,30-0.40mm) prevents the forming of troublesome wrinkles that are difficult to remove.

• The non-woven material is dimensionally stable. That means that the mural is not affected by contact with the paste or changes in humidity.

• Due to their high stability, Moneta non-woven murals can be hung without a problem even over small cracks or bumps in the wall.

All Moneta products satisfy the most stringent print quality requirements. The printing technique employed enables a resolution that surpasses the perception of the human eye.

No screen is visible. The materials used guarantee high lightfastness and thus no change in colour even when exposed to direct light for longer periods.

The high volume of the non-woven material (250-350 g/m²) makes it sound-absorbing and the room osier. The matt fibrous surface is discreet, creating a calming ambience. Moneta non-woven murals are odourless and easy to remove, should you someday wish to take down the mural.

MONETA - THE SMART NON-WOVEN MURALS
The materials used contain neither recycled paper nor optical brightening substances. The environmentally friendly printing technique causes no emission of organic compounds. Harmless colours are used so that even indirect contact with food creates no problem.

INDIVIDUAL AND VARIABLE

Each Moneta non-woven mural is available in UP to three sizes. Some selected motifs are also available in different colours.

RU НОВОЕ ПОКОЛЕНИЕ ФОТООБОИ НА ФЛИЗЕЛИНОВОЙ ОСНОВЕ

• Сначала, по очереди выложите упорядоченные колонки фотообоев на столе либо на полу. Проверьте и убедитесь, что рисунок совпадает в правильном порядке.

• Стена должна быть ровная и гладкая

• Наклейте первый фрагмент на стену

• Второй фрагмент фотообоев необходимо выровнять и наклеить маленьким нахлестом, который указан по краям обоев на обороте, на первый фрагмент и клеите таким образом, чтобы рисунок совпадал вертикали

• Отрежьте получившийся захлест на соединение между первым и вторым фрагментом. Затем выравнивайте стык второго фрагмента до получения идеального рисунка с незаметным стыком.

• Повторите процесс с каждым последующим фрагментом фотообоев, до получения полного изображения.

MIMOZA COLLECTION

CURTAINS / UPHOLSTERY / CUSHIONS

TR MIMOZA çiçeği gündüzleri açar, geceleri ise kapanır ve varoluşunun bu ritmik nüansı hiç şaşmaz! Tıpkı biyolojik bir saat gibi... "Mimoza" ismini hem bu koleksiyonda bulunan desenleri hem de kumaşlarımızın işlevselliğini yansıttığı için çok sevdik. Blackout kumaşlarımızda kullanılan ışığı karartma özelliğinden ve desenlerimizde yer alan çiçeklerden esinlenerek "Mimoza" ismini verdiğimiz bu koleksiyon, 29 adet desen ve 203'e yakın renk seçeneği ile sunduğumuz bir perde, döşemelik kumaş ve yastık koleksiyonu... Nostaljik figürlerin pastel tonlarla yakaladığı ahengin yanı sıra, tropikal esintili desenlerin birbirinden iddialı renkleri içerisindeki havası ile karşınızdayız.

EN Mimosa flower blooms in the mornings and closes itself in the evenings and this rhythmic nuance belongs to its existence is infallible! Just like a biological clock...The collection that we named as "Mimoza" reflects the patterns and the function of fabrics that we used in the collection, that's why we loved this name. The feature of darkening the light used in blackout fabrics and the patterns consist of floral designs inspired us considering the meaning of "Mimoza".The collection that includes 29 patterns and approximately 203 colour options is designed as a pillow, upholstery and curtain collection.We're ready to make you meet "Mimoza" with its nostalgic figures that are combined with pastel tones and tropical breezed patterns in assertive colours!

RU Цветок мимозы распускается по утрам и закрывается вечером, и этот ритмический нюанс его существования удивительный! Прямо как биологические часы...Коллекция, которую мы назвали "Мимоза", отражает узоры и назначение тканей, которые мы использовали в коллекции, вот почему нам так понравилось это название.Особенность затемнения света, используемая в светомаскировочных тканях, и фасоны, состоящие из цветочных узоров, вдохновили нас на рассмотрение значения слова "Мимоза". Коллекция, которая включает в себя 29 узоров и около 203 цветовых вариантов, разработана как коллекция наволочек и штор.Мы готовы познакомить вас с "Мимозой" с ее ностальгическими фигурами, которые сочетаются с пастельными тонами и тропическими вдохновляющими узорами в амбициозных тонах!

INNOVATION BUCKET

TR Türkiye'nin en büyük duvar kağıdı fabrikası AdaWall olarak; duvar kağıdı ustalarımızı düşünerek tasarladığımız pratik ve inovasyon kovamızı sizlere tanıtmak istiyoruz Duvar kağıdını uygularken yaşanan en büyük sıkıntı kağıdın türüne göre toz tutkalın su ile karışımının yanlış olmasıdır. Örneğin kalın bir kağıtla ince bir kağıdın tutkal su karışım oranları birbirinden farklıdır. Eğer bu oran doğru ayarlanmazsa uygulama sırasında sıkıntılar çıkmaktadır. Bu sorunun çözümünü amaç edinip tasarladığımız bu kovayı ustalarımıza hediye olarak sunmaktan gurur duyuyoruz.

EN As the largest wallpaper factory in Turkey, Adawall, we want to introduce you to our practical and innovation bucket wich we designed with our wallpaper masters in mind. The biggest problem when applying wallpaper is when the mixture of powdered glue with water is wrong according to the type of paper. For example, a thick paper and a thin paper glue water mixture ratios are different. If this rate is not set correctly, problems might occur during application. We are proud to present this bucket, which we designed to solve this problem, as a gift to our masters.

RU Как крупнейшая фабрика обоев в турции, AdaWall, мы хотим познакомить вас с нашим практическим и инновационным ведром, которое мы разработали с учетом наших мастеров обоев. Самая большая проблема при применении обоев- это несоответствие раствора порошкообразного клея с водой с типом бумаги. Есть вещи, на которые нужно обратить внимание при приготовлении клея. Например, клей, который вы готовите для тяжелой или тонкой бумаги, имеет отличия. Если вы неправильно приготовили клей, то во время поклейки могут возникнуть проблемы. Мы с гордостью представляем это ведро, которое было разработано для решения этой проблемы, в качестве подарка нашим мастерам.
